objective

Seeking for a challenging position that offers valuable experience and growth.

experience

Hybrid Graphic Artist, Front-End Web Developer, UI Designer. Excellent XHTML and CSS Programmer, with more than nine years of experience. Developed and directed multiple creative online and print projects, for both businesses and individuals. Expert knowledge in Typography, Brand Development, Print, Packaging, and Identity. Extremely detail oriented and innovative. Excellent ability to work with PHP, MySQL, Javascript (jQuery, YUI, Mootools, AJAX), and Actionscript. Have eleven years of Mac, and seven years of Windows OS experience. Speak and write both English and Spanish. Always willing to be a leader, learn, and incorporate new ideas to create a better collaborative working environment. Work well under pressure, and able to meet tight deadlines for any project.

education

2003-2007 • Bachelor of Science, Graphic Design Degree, The Art Institute of California, San Diego, CA

employment

Jan 2010-Present • Interactive Developer, Sony Online Entertainment

XHTML, CSS, Javascript front-end web development. PSD to cross-browser compatible websites. Develop interactive experiences for corporate and game websites.

2008-2009 • Art Director & Front-End Web Developer, Youreeeka

Created User Interface elements, and internet site design for the Youreeeka pay-for-access platform using CSS, XHTML, Javascript (jQuery). Worked with the Kohana platform, used SVN for version control. Maintained company brand, created online and print marketing collateral.

2006-2008 • Web Developer & Graphic Artist, OxyLife, Inc.

Created and maintained e-commerce website, developed company branding, online and offline marketing collateral, photography and product packaging.
